REPORT OF SUPERINTENDENT OF SCHOOLS

To the Citizens and Honorable Board of School Directors:

I am pleased to submit my fourth annual report of the schools of Clarendon.

Seven schools are being maintained during the present school year.

Statistics relative to teachers are given below:

Edith Spaulding, Flats School, Qualification certificate; State rebate per week, $3.00.

Ruth Squier, Hill School, E. L. Probationary certificate; State rebate per week, $3.00

Marion Merrill, North Clarendon, E. L. Probationary certificate; State rebate per week, $3.00

Alma Gibbs, Clarendon Springs, E. P. Probationary certificate; State rebate per week, $4.00

B. Doris Ross, East Clarendon, Qualification certificate; State rebate per week, $3.00

Cecelia McMahon, East Street, E. P. Probationary certificate; State rebate per week, $4.00

Mrs. Ellen Potter, Chippenhook, Qualification certificate; State rebate per week, $3.00

The State rebate is $23.00 per week on account of the qualifications of these teachers.

Miss Mabel White, who has been a very efficient teacher at North Clarendon, resigned her position during the last part of this fall term. Miss Marion Merrill has been engaged to take her place and is doing very well in this school.

The enrollment and attendance of pupils are as follows:

Clarendon Flats:		
Number of girls enrolled		5
Number of boys enrolled		13
Per cent of attendance	92	

Hill School:		
Number of girls enrolled		14
Number of boys enrolled		7
Per cent of attendance	96	
North Clarendon:		
Number of girls enrolled		15
Number of boys enrolled		18
Per cent of attendance	96	
Clarendon Springs:		
Number of girls enrolled		6
Number of boys enrolled		10
Per cent of attendance	92	
East Clarendon:		
Number of girls enrolled		8
Number of boys enrolled		14
Per cent of attendance	89.8	
East Street:		
Number of girls enrolled		7
Number of boys enrolled		9
Per cent of attendance	98	
Chippenhook		
Number of girls enrolled		11
Number of boys enrolled		12
Per cent of attendance	97.2	
Enrollment of girls		66
Enrollment of boys		83
Total enrollment		149
Average per cent of attendance	93.7	
Number of visits by citizens for fall term		32

These statistics are given for the present school year and are furnished for the purpose of a convenient record to which any citizen can refer at any time.

The school directors have furnished all the schools with permanent record cards so that the marks attained by all pupils in the different subjects during the elementary course are recorded and kept on file in the various schools.

We feel that very substantial work is being done in all of the schools through the faithful services rendered by the teachers and the co-operation of parents and pupils.

The citizens at East Street are doing a very commendable piece of work in the renovation of this school building. I understand that a large playground will be provided by one of these citizens, new chemical toilets are to be installed and the plant put in first class condition. It will not be long now before there will be a "Standard" or "Superior" plate on this building.

A "Standard" plate has been placed on the building at East Clarendon as a result of the splendid work done by this Parent-Teacher Association.

Few people, who are not engaged in this kind of work, know the amount of labor that is involved in bringing about such an accomplishment.

Some excellent improvements have been made by the Parent-Teacher Association at the North Clarendon school. When such an association gets after it, the job is bound to be done. We hope to see a "Superior" plate on this building in the very near future.

The Parent-Teacher Association at Clarendon Springs is furnishing chair desks for this entire school.

The school spirit throughout the town is of a very substantial character.

I very much appreciate the hearty co-operation of all concerned for the welfare of the schools during the past four years.

Respectfully submitted,

FREDERICK W. WALLACE.
